ANNIHILATION IS

Teutons and Bulgarians Slowly But Surely Closing Death Trap About Serbs—Flattering Proposals Made to Greece By Entente Powers—Saloniki Railroad Is Broken Up—Russ Making Gains in the South—King of Belgium Refuses Peace Overtures Urged By Pope—French Repulse Terrific German Assault Near Rheims.

By Associated Press.

Paris, October 21.—An official statement issued yesterday at Nish, as forwarded by the Havas News Agency, says that the Serbian army is now menaced seriously.

The Serbian War Office says the railroad line of Saloniki has been cut in two places.

The communication says:

"The situation grows more and more serious. The resistance of the Serbian troops is desperate and heroic, but the strong pressure of the Austrians and Germans from the north and masses of Bulgarians from the east is menacing seriously the Serbian army, which is now cut off from Saloniki."

The arrival of allied troops is awaited anxiously. The Bulgarians have taken the town of Vravnia and Volosso, cutting the line to Saloniki in two places.

This establishes the fact that the Bulgarians have captured the important railway town of Vravnia regarding which there has been some doubt.

Paris, October 21.—Following their futile bombardment last evening to the east of Rheims, the Germans renewed their attacks in this region, according to an announcement made this afternoon by the French War Office.

In spite of a very violent preparatory artillery fire, they again were checked and cut down by the fire of the French artillery and machine guns.

They did not succeed in winning a single position in the French first line trenches.

Petrograd, via London, October 21.—An important Russian success in the region of Baranovichi, resulting in the capture of several German positions, 3,552 men, 10 machine guns and one piece of artillery, was announced by the War Office today.

Rome, October 21.—Pope Benedict has just received from King Albert of Belgium a reply to an autographed letter from the pope urging the king to initiate steps looking to the conclusion of peace.

King Albert replied in the negative.

The king thanked Pope Benedict for his promise to use his influence with Germany to bring about evacuation of Belgian territory in the event of peace.

King Albert declared he would never lay down his sword while his country was "in slavery."

Pope Benedict is represented as being greatly disappointed at the outcome of his efforts.

Berlin, via London, October 21.—The Austro-German army of invasion in Serbia is pushing back the Serbians over the entire front, although the Teutonic advance is slow.

The War Office stated today the Serbians had been driven out of the strongly fortified positions near Ripanj.

The Bulgarians also have made a further advance.

Russian reports of successes on the central and southern end of the

line received partial confirmation in today's German statement.

German forces on the Styr were compelled to retreat, losing a few cannon.

London, October 21.—Greece is still undecided as to what part she shall play in the operations in the Balkans.

It is reported from Athens that new proposals have been made by the quadruple entente in an effort to procure the assistance of Greece.

According to these advices, not only the island of Cyprus has been offered, but also an extension of the Greek boundary, at the expense of Bulgaria and Turkey, almost to Constantinople, as well as to include certain territory in Asia Minor.

Berlin, October 21.—The German advance on the Russian Baltic port of Riga, for possession of which a great battle has been under way for several weeks, has been carried forward further.

The War Office reported today that Field Marshal von Hindenburg's army has occupied the banks of the Dvina river, northeast of Mitau, from Borkowitz to Beremuenbe.

Columbus, October 21.—In his own defense, Byron M. Clendenning, Democratic member of the State Liquor Licensing Board, planned to take the witness stand again today in the hearing before Governor Wilson, who had charged Mr. Clendenning with misconduct in office and is seeking his removal.

Several other members of county licensing boards were called to Columbus to testify for the prosecution.

Washington, October 21.—President Wilson today, in a proclamation designating Thursday, November 25 as Thanksgiving Day, called attention to the fact that the United States has been at peace while most of Europe has been at war.

"We have been able to assert our rights and the rights of mankind without breach of friendship with the great nations with whom we have had to deal," said the president.

ANOTHER
HORROR

By Associated Press.

London, October 21.—The circumstances connected with the execution by the German authorities at Brussels of Miss Edith Cavell, a British nurse, occupy constantly increasing attention in London.

The forthcoming publication of the report of Brand Whitlock, American minister to Belgium, on his efforts in Miss Cavell's behalf is awaited with keenest interest.

This report will be published in tomorrow morning's newspapers.

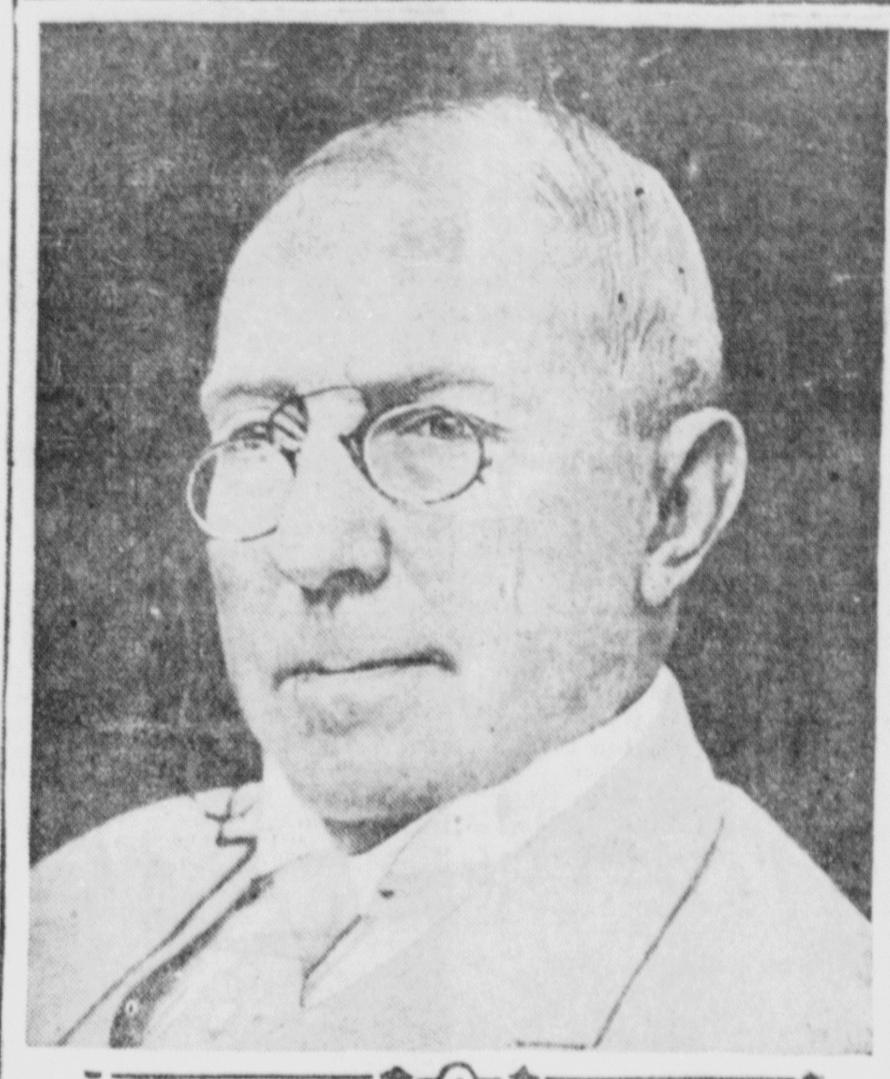

The Mail says this account "will strike a note of horror throughout the world."

Fort Smith, Ark., October 21.—John L. Casper, of Kansas City, alleged head of the Moonshine conspiracy who pleaded guilty in the United States District Court here yesterday, was sentenced today to nine years and three days in the Leavenworth penitentiary and ordered to pay a fine of \$33,000.

The six others who admitted guilt received sentences varying from 6 months in jail to 2 years in the penitentiary.

Three United States Soldiers Killed When Large Band of Mexicans Attack Under Cover of Darkness—Many Mexican Dead Left Behind—Search Is Made for Bandits.

By Associated Press.

San Antonio, Texas, October 21.—Three United States soldiers were killed and six others wounded in an engagement with Mexican bandits near Ojo De Agua about 2 o'clock this morning.

The troops guarding the place, which is near Mission, Texas, and about 60 miles above Brownsville, were attacked by a large band.

It is reported that five dead Mexicans were found after the attacking party was driven off.

The killed and wounded were all members of Troop G, Third Cavalry and Company D, Signal Corps.

The dead are Sergeant Shafer of the Cavalry and First Class Privates Joyce and McDonnell, signal corps.

The list of wounded includes Privates Bowne, Behr, Langlands, and Kuble of the cavalry, first Sergeant and Corporal Canhall of the signal corps.

Captain McCoy arrived with re-enforcing troops and the bandits fell back in the brush.

Additional troops were rushed to the scene from nearby border patrol stations and a search made for the bandits.

Mexicans in the fight had white hat bands bearing the words "Viva Villa."

The bandits apparently failed in their purpose to take the American troops by surprise. A picket reported their presence in time to give the troopers a chance to take positions for their desperate resistance against odds.

The 15 soldiers, fighting five against one against the Mexicans skilled in brush shooting, held their ground, although half of them were put out of commission, until relief came.

The early morning attack again centered attention on activities of Louis De La Rosa, the Mexican bandit who led Monday night's train robbery.

Tiflis, Trans Caucasia, via Petrograd and London, October 21.—The estimate is made by the Armenian newspaper Mshak that of the 1,200,000 Armenian inhabitants of Turkey before the war, there remains not more than 200,000.

The figures of the newspaper are based on the estimate of the Armenian patriarch at Constantinople, that 850,000 Armenians have been killed or enslaved by the Turks, in addition to which 200,000 Armenians are believed to have fled to Russia.

40 INJURED
DURING FOG

By Associated Press

New York, October 21.—Forty men and women were injured today when the Lackawanna ferry boat Netherland crashed into the Barro street pier during a fog and hurled a number of passengers under the hoofs of a dozen horses which were on the boat.

Six of the injured were rushed to hospitals and the others were treated by ambulance surgeons after being landed.

The crash occurred during what bay men describe as the worst fog of the year, which seriously interfered with harbor and river traffic.

Ten steamships were held up for several hours.

MELEN TELLS OF JUGGLINGS OF NEW HAVEN

New York, Oct. 21.—Charles S. Mellen, former president of the New Haven railroad, gave in the United States district court the first installment of his testimony against the ten former directors and the former counsel of the road which the government believes will be of great importance in convicting them of conspiracy to monopolize unlawfully the transportation facilities of New England. Mr. Mellen's testimony dealt with the period between 1893 and 1897, when he was second vice president of the road in charge of traffic.

Standing before a blue print Mr. Mellen picked out about twelve regular New England railroads, forty-eight constituent railroads, twelve branch lines, five or six steamboat lines and routes. Not only had he picked them out as deftly as a woman sorts a box of various colored woolen yarns, but he had told when they started, how they started, where they ran, how they grew, how they joined with this line and that, why they joined, when they joined, and in a way to keep not only the jury wide awake and intent, but even the spectators on the back seats. All this without a pause at any time to recall facts or even a studying of the map to recall names.

INDORSE NATION'S DEFENSE SCHEME

Business Men Approve Continental Army Idea.

WILL AID THE GOVERNMENT

Establishment of Another Military School Likely to Be Recommended by Secretary of War Garrison—Addition to Present Corps at West Point Academy Planned—Other Details of Garrison Plan.

Washington, Oct. 21.—Large employing firms and corporations are endorsing the Garrison plan to create a great continental army for defense.

Letters approving the idea have been received here from several such concerns, and at least one expressed willingness to grant its men leave on full pay for service in the proposed organization.

Enlistment in the continental army as contemplated in Secretary Garrison's program would be for six years, but the men actually would be required to serve but two months a year for the first three years, during which time they would undergo intensive military training in field camps. Officials realize that the success of the scheme depends to a considerable

extent, upon co-operation with the government by the employers of the country's young men.

One of the companies heard from wrote that it gladly would grant leave with pay to any of its men desiring to enlist, not only for reasons of patriotism, but because it was regarded as a good business proposition to permit the men to take advantage of the opportunity to spend two months in vigorous camp life with military training.

Further details of the army program, which provides for the building up of a regular and continental army with reserves of more than 1,000,000 men in six years, are at hand. To obtain officers for the increase in the regular establishment, the addition of 144 cadets to the present corps at the West Point Military Academy will be recommended, bringing the army up to the full capacity of the academy, 770 men. By this means, promotion of qualified men from the ranks and appointment to the regular service of graduates from military schools whose courses are approved by army officials, at least 1,000 officers soon can be added.

No increase in the size of the West Point Academy itself will be recommended for the present, although it is understood that a considerable enlargement, or possibly the establishment of another military school, is under consideration for recommendation at a later date. Details as to the number of new general and staff officers which congress will be asked to authorize have not been made public.

will give permission for shipments of arms to all ports under control of the Carranza government. The embargo will be in force against such border ports as Villa controls. The single exception against free exportation to Carranza ports is the border states of Chihuahua, Sonora and all ports of lower California. The administration considers the situation along the boundary of those regions as too unsettled to make it wise to allow exportation even through the ports that Carranza controls in those states, as Villa is in control of the majority of the ports of entry in those districts.

The exception will not interfere with Carranza getting abundant supplies from the United States. The opinion here is that Villa's forces will rapidly disintegrate from now on and that his followers will drift away from him in considerable numbers as a result of the recognition of Carranza and the measures adopted to aid him.

Another development of the situation growing out of the recognition of Carranza by the United States was the departure for Vera Cruz of John R. Silliman of the consular service who for a year has been President Wilson's personal representative to Carranza.

Cause of Opponent of Carranza in Mexico Is Waning—Further Desertions From Villa Banks Expected to Follow Embargo Order—Munitions of War Available for Carranza Forces.

Washington, Oct. 21.—Action designed to assist the Carranza government in Mexico to suppress all armed opposition was taken by President Wilson, who issued a proclamation announcing the reimposition of the embargo on the exportation of arms to Mexico.

What the Villistas think of the effectiveness of this measure on the part of the United States was indicated by the announcement later that the Villa agency here would be dissolved next Saturday after about a year's existence in Washington.

The method of imposing of an arms embargo is for the president, acting under the authority of a resolution of congress enacted in 1912, to prohibit the exportation of all arms to Mexico, except in cases where special permission shall be given by the executive authority. In the present situation treasury department officials at United States ports of exportation

FRAUD IN ELECTION

New York, Oct. 21.—Tales of corruption in the New Jersey special election were ripe in the various suffrage headquarters of New York city.

Women who watched at the polls came in shoals to relate instances of repeating, illegal electioneering, etc. But the New York suffragists gallantly insisted that nothing of that sort could happen in this state when the amendment is voted on Nov. 2. James Leeds Laird declared that the New Jersey affair was going to help the New York amendment instead of hurting it.

Mrs. Carrie Chapman Catt, head of the Empire state campaign committee, said she did not believe New York would model its politics on Jersey.

It is estimated that at least 365,000 men voted at the New Jersey election at which the suffrage amendment was beaten by a majority of 51,000.

You are hereby notified that on the 9th day of Oct., 1915, Nancy A. Taylor, Mary Casey, Harley B. Colwell, Jessie Colwell, Eva J. Penn and Humphrey Jones filed with the County Auditor and with the Board of County Commissioners of Fayette County, Ohio, their petition praying for the deepening, straightening and tiling of a certain ditch in Union and Wayne Townships in said County, known as Blue Run, described as follows, towit:

Beginning at a point in Wayne township on the lands of Humphrey Jones and west of and next to the Good Hope and Bloomingburg road where an open ditch intersects said Blue Run, thence following substantially the course of said Run in a northeasterly direction crossing said road, thence in a northerly and northwesterly direction through the lands of Humphrey Jones and Ella J. Kouns, crossing again said Bloomingburg and Good Hope road and thence through the lands of Humphrey Jones, Eva J. Penn, Harley Colwell and Jessie Colwell, crossing the Cleveland, Akron and Columbus Railroad and thence through the lands of Robert Cooper and James Porter, crossing the Bogus road and thence through the lands of Mary Casey and crossing the Washington and Circleville pike into the lands of Nancy A. Taylor and there terminating; together with such branches and connections as are necessary to adequately drain the contiguous and tributary territory.

following time and place have been fixed when and where the Commissioners of said County will meet for the hearing of said petition, towit:

October 30, 1915, at 9:00 a. m. at the beginning point of said ditch

as above described for the purpose of hearing any and all proof offered by any of the parties affected by said ditch improvement, whether the said ditch will be conducive to the public health, convenience and welfare;

and whether the route described is the best route; and any and all objections to said proposed ditch improvement.

Any application for compensation or damage, or for any change of route, must be in writing and filed with the Commissioners on or before the day set for hearing.

No further notice of any proceedings in this matter will be given.

Government to Build Own Ships

Secretary of the Navy Josephus Daniels submits, to the public, a plan for spending the enormous appropriation of nearly nine hundred million dollars which congress will be asked by the national administration to make for national defense.

If the plan of the secretary of the navy is adopted and adhered to strictly it will go far toward eliminating great profits in the construction of vessels and the manufacture of munitions which have heretofore gone to gigantic private corporations. Such a plan would insure a much greater return for the people's money.

Secretary Daniels points out that the government has already invested many millions of dollars in navy yards and that the investment already made should be utilized and made to return its profit. To do so properly would, as the secretary points out, make that which is now yielding no return at all a producing property and in addition would enable the people to save for themselves that great profit which has heretofore gone to ship building companies.

Naval authorities are practically unanimous in their approval of the plan and unhesitatingly assert that it will result in better ships and at a less cost than would be possible under the old order of things.

Secretary Daniels and his associates have obtained the best advice possible and are now presenting the plan in all its details to the people in advance of asking for the appropriation at the hands of congress.

The plan, it seems, should meet with popular approval. There is no good reason why the government experts cannot do as good work as the experts of private corporations.

Mr. H. Whitford Jones, Employee

Mr. H. Whitford Jones highly recommended as an expert on contracts between municipalities and electric light companies was employed by council some months ago to represent the city and the citizens of Washington.

Mr. Jones demanded and received, for his services, the sum of six hundred dollars.

Mr. Jones went to work and, the next thing the people of Washington heard of Mr. Jones was when he appeared before council advocating the execution of an agreement which he had previously worked out in connection with a few citizens and to which the light company consented.

Of course, Mr. Jones may have been in communication with individual councilmen, possibly with every member of council, during the pendency of his negotiations.

The first appearance of Mr. Jones before the public, however, and the first time he would give any information to the public was when he appeared before council with his, previously agreed to, agreement recommending its adoption.

Council, acting in good faith, accepted Mr. Jones' statements, followed his recommendations and entered into the contract submitted.

The statement of facts which Mr. Jones submitted to council was brief in the extreme, consisting practically of his own conclusions.

The reception accorded the contract entered into by council was not one of unanimous approval by the public. The history of the developments in that regard is too recent to need repetition. Suffice it to say that a great many influential citizens felt that they would like to know a little more about the facts and in order to obtain the desired information for the public this paper, on September 11th, asked Mr. Jones sixteen questions.

He replied promptly on September 14th that he would be pleased to answer the questions just as soon as other engagements would permit.

Now Mr. Jones says, in effect, that it wouldn't be right to make public certain facts with reference to the local situation and he declines to answer the questions or to give out any further statement.

Why haven't the citizens of Washington a right to know, and from Mr. Jones, their paid servant too, every detail fact in order that they may determine for themselves whether the contract he proposed is a good one or the reverse?

Mr. Jones was paid to gather information and submit it with his suggestions, not to be guardian of the city and the citizens with sole and absolute jurisdiction to close a contract with the light company.

In refusing to take the people into his confidence and in recommending that council hurry through with a proceeding which is now admitted on all sides to have been illegal, Mr. Jones displayed poor judgment at least.

In now declining to furnish information to those who employed him he exhibits worse judgment and has made matters already complicated decidedly worse. The people of Washington did not employ Mr. Jones to put through a contract of his own making but to obtain and furnish them information.

When public servants become convinced that it is not wise to put the people in possession of facts concerning the public business their day of usefulness is at an end.

Mr. Jones' recommendations have brought nothing, thus far, but turmoil and disagreement to our citizens and unless he tells the people the facts and all the facts he had better stayed away.

Poetry For Today

A SONG OF LEAVES.

O Father Time, discard thy sythe!
Tis past the time for mowing!
For autumn dyes are in the skies
And autumn winds are blowing.
For all the grass is brown, alas!
The rose trees naked shiver
And autumn leaves are in the sheaves
Or drifting on the river.

O Father Time, discard thy sythe!
Tis time the tools were shifted;
Since in the garden and the road
The windrowed leaves lie drifted.
The talking leaves—the laughing leaves
That crowned the brow of June
Are dry and crumbled under feet
In Nature's afternoon!

Like joys of ours—like hopes of ours—
With light and beauty burning,
From day to day they drop away—
Unstayed—and unreturning!
The scarlet leaves—the golden leaves
A countless multitude—
They strew the meadows lavishly
And carpet all the wood!

O Father Time, make haste! make haste!
The afternoon is waning;
And in the forest boughs I hear
October's wind complaining,
And from the northern seas comes down
The Winter, Viking savage!
The lovely leaves, then Genius gray,
Let not his minions ravage!

You can find all sorts of men in the world. But you can't find one whose job is harder than he thinks it is.

When we want people to listen to reason we mean that we want them to listen to our version of the story.

A man has to be a pretty ornery husband when his wife isn't willing to give him credit for his good intentions.

Some men remind you of dogs. Their notion of being enterprising is to bark about nothing and keep on barking.

A common, ordinary heathen often wonders how a preacher relieves his mind when he steps on a wooden collar button with his bare feet.

Lots of men who have large, fat bank accounts and who are known as successful citizens wouldn't know a split infinitive if they met one.

A man will get mad all over if he imagines some other man is trying to make a fool of him. But he will go ahead and make a fool of himself, and that is all right.

STOMACH MISERY QUICKLY VANISHES

Your money back if you want it is the way in which Brown's Drug Store, the popular druggists selling Mi-o-na, the great dyspepsia remedy.

This is an unusual plan, but Mi-o-na has so much merit and is so almost invariably successful in relieving all forms of indigestion that they run but little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. If it doesn't, tell Brown's Drug Store that you want your money back and they will cheerfully refund it.

A change for the better will be seen from the first few doses of Mi-o-na and its continued use will soon start you on the road to perfect digestion and enjoyment of food.

Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fairer proposition could be made?

Brown's Drug Store gives their personal guarantee of 'money back if you want it' with every box of Mi-o-na that they sell. A guarantee like this speaks volumes for the merit of the remedy. advt.

COUNCILMEN AGREE UPON LIGHT PLANS

City Solons, in Caucus Held Last Night, Pledge Themselves to Stand By Plans and Specifications Submitted By H. Whitford Jones, Including "White Way"—Proposal Discussed at Length in Meeting Prior to Caucus.

At a caucus held by the councilmen, following an open meeting in which the lighting question was discussed at some length, Wednesday night, the councilmen unanimously pledged themselves to support the plans and specifications for the new lighting system and rates submitted by H. Whitford Jones. The "White Way" is included in the plans and specifications.

This information of the action taken during the caucus was given out by at least two of the councilmen taking part in the meeting. The councilmen stated that it was the intention of council to proceed without delay in obtaining bids on the recommendations submitted by Mr. Jones, for the more than 400 lights of 100 candle power, nearly a score of the 250 candle power lights and the "white way."

The caucus in question lasted nearly one hour and the unanimous pledge to carry the lighting system into execution was reached after considerable discussion of the subject.

The open meeting preceding the caucus was marked by a clash between H. Whitford Jones and George Inskeep, and the latter being informed by President of Council that the new company proposed would be awarded a franchise if the men be-

hind the proposed new concern would submit a proper bid lower than that of any other bidders.

Mr. Jones, at whose suggestion council was called together, discussed the light question at some length, in support of the original recommendations for lighting the city.

Mr. Inskeep took issue with Mr. Jones on the amount of candle power being furnished through the present system and the amount to be furnished by the new system proposed. Mr. Jones stated that the amount of light furnished by the present lights is of a very indefinite candle power, and that one of the 250 c. p. lamps would give more light than the big arcs now in use.

Mr. Jones defended his plans and specifications, contending that they represented a splendid proposition and one the city should grasp without hesitation. He said that if the new company proposed desired to bid on the proposal that they could do so without being granted a franchise and if their bid was the lowest, that council could then grant the franchise and they could proceed to carry the contract into execution.

He urged the adoption of the "white way" as a part of the contract, and discussed various phases of the proposal.

INJUNCTION HEARING IS RESUMED THIS MORNING

Division Supt. Brooke First Witness Called Today and Makes Impressive Statements Other Witnesses Examined and the Hearing Moves Forward Slowly—Decision Expected Soon.

Hearing of the motion to dissolve the injunction which recently tied up work on the Union Station proposed for this city, was resumed Thursday morning, having been adjourned from Monday of this week.

The hearing is being conducted before Judge Clarence Curtain of Circleville, and the case in question is that of Ed Pfeifer and Jess Persinger, residents of Millwood, against the city of Washington, the B. & O. S. W. Railroad and the County Commissioners, and the object sought by the petitioners was to prevent the abandonment of a small section of Paint street at and near the point where it is proposed to erect the new union station.

Division Superintendent G. D. Brooke, of Chillicothe, was the first man placed upon the stand Thursday morning when the hearing was resumed.

Mr. Brooke, in response to questions asked by Attorney J. D. Withgott, of Chillicothe, stated that it was the intention of the road to make an improvement costing in excess of \$30,000, the bulk of which would be for the station building; that the action of the B. & O. in taking steps to build the station was the result of many years of insistence on the part of the city and citizens; that the site selected for the station was recommended by the citizens; that no other location was as good or even practical; that it was impracticable to change the tracks in an effort to reach a station located on the south side of Paint street; that council had unanimously granted the concessions suggested for the station, and that the B. & O. S. W. was desirous of giving the city a satisfactory station in every way.

After Supt. Brooke had been quizzed by the plaintiff's attorney, E. G. Layne, connected with the B. & O. engineering department, was placed on the stand and carefully question-

R. R. Kibler, local agent, was placed on the stand after the noon recess, and following Mr. Kibler came Will Worthington, who has been prominent in the effort to obtain the union station.

It was expected that a number of other witnesses would be called to the stand before argument was made.

GREAT FUN TOMORROW NIGHT

AND A BIG SALE OF SEATS FOR "DOWN IN ALABAM," THE BENEFIT PLAY.

There has been a large sale of tickets for "Down in Alabama," which is to be presented at the opera house tomorrow night by seventy-five local people in the east, headed by J. Bassett Willard, the author, Herschel Williams and Geo. A. Parker of the Willard Bureau.

Many orders for seats are in from Columbus, Wilmington, Sabina, Mt. Sterling and other neighboring cities. The cast is now ready, some seats still to be had, but the Loyal Daughters Class of the Christian Church feel that all signs point to the "Standing Room Only," and usual packed house for one of Mr. Willard's entertainments. This rule has held good for the four entertainments heretofore presented by him. "Alabama" is a merry, musical mirth maker, full of home spun fun.

SHOOP SLATED FOR HEAD OF BIG SCHOOLS

Prof. John D. Shoop, former Fayette county farm lad, will soon become head of Chicago's public schools, succeeding Ella Flagg Young who has been superintendent of the schools the past few years.

This announcement is carried in a dispatch appearing in the Thursday morning papers, and which says:

"John D. Shoop, of the Ohio Society of Chicago, is to be next Superintendent of Schools of Chicago. This was the confident prediction today of his friends, who are close to Board of Education politicos and affairs."

"Whether or not Mrs. Ella Flagg Young is a candidate for re-election there are said to be practically pledged to Mr. Shoop's candidacy a sufficient number of votes to elect him. Mrs. Young, it is asserted, is hopelessly lost, should her friends insist on presenting her name."

"Mr. Shoop now is First Assistant Superintendent. He occupied the superintendency for two weeks when Mrs. Young resigned in 1913."

GYROSCOPIC STUNT OF AN AUTOMOBILE

A highly amusing and at the same time dangerous affair took place on Court street in front of the Court House, Wednesday night, when an automobile, when cranked, started backward and completed a half dozen or more circles on Court street before it could be stopped.

The car in question was standing in front of the Christopher drug store with the front wheels turned at a sharp angle.

When the owner cranked the machine it immediately started backward at a rapid pace, with the man giving chase. Around and 'round went the automobile with the owner in close pursuit and endeavoring to reach the steering wheel and controlling mechanism. After the car had completed several circuits and tied up traffic generally the man succeeded in reaching the wheel and brought the unruly car to a stop.

In Social Circles

A large and most interesting social time was enjoyed by the society and friends in attendance. Mrs. J. C. Templeton was an out-of-town guest.

Many friends in this county will be interested to learn of the marriage of Mr. Daniel Fitchhorn and Miss Edith East, two well-known young people of Milledgeville, Wednesday afternoon, October twentieth at 4 o'clock.

The ceremony was performed by Rev. G. H. Harper of the M. P. church, at the parsonage in this city.

There were no attendants. Mr. and Mrs. Fitchhorn will reside one half mile east of Milledgeville and take with them to their new home good wishes galore.

M. Grove Davis, son of Mr. and Mrs. B. F. Davis, is entertaining his young friends with a series of delightful affairs.

Tuesday he gave a picture show party followed by light refreshments.

On Wednesday evening Mrs. Davis assisted by her daughter Miss Kathleen, gave a beautiful dinner of eight covers for her son.

In effective harmony with the tones of the mural decorations a red and green color scheme was prettily carried out, the table a picture, with red chrysanthemums forming central decoration out of the ordinary. The place cards were clever and an elaborate menu of four courses was enjoyed.

Seated with the young host were Willis Willis, William Henry Edwards, Walter Weaver, Robert Rardon, Richard Haynes, Lyman Fitzgerald, Arthur Rothrock.

After the business of the meeting Miss Alta Springer, leader of program, called for items which were given by members and of much interest, covering the whole world in their range.

Mrs. Lulu Robinson gave a splendid paper on "Mormonism and Mormons Relating to the Government," and Mrs. Probascio treated the topic "Growing Importance of Foreign Missions," ably showing how the world is growing and gaining under the help of mission work.

Mrs. Shoop sang two solos beautifully.

WILL SOON FINISH BELL IMPROVEMENTS

Unless unforeseen circumstances arise, the gang of workmen who for the past two or three weeks have been busy installing new cable and otherwise improving the local Bell Telephone System, will complete their task this week, and service, which has necessarily been badly interfered with, will be up to the usual standard of efficiency.

The new cables and other equipment added by the company increase the capacity of the local plant by about 150 phones, this being done as a result of a similar increase last year and the capacity filled up since that period.

AGAIN MOVE THE SERBIAN CAPITAL

Prizrend, on Albanian Border,
New Seat of Government.

NISH SERIOUSLY MENACED

England Said to Have Offered Island of Cyprus for Greece's Support in the Balkan Campaign—Hindenburg Threatening the City of Riga—Russians Winning in Galicia—Progress of the War.

London, Oct. 21.—The Serbian capital has been removed from Nish, now seriously menaced by the Bulgarians, to Prizrend, in the extreme western part of the country, on the Albanian frontier.

According to an announcement here Great Britain has made a formal offer of the Island of Cyprus to Greece as soon as Greece undertakes to intervene in the war on the side of the allies.

The progress of events in Serbia is surrounded by considerable mystery. The Austro-Germans and Bulgarians are advancing all along the various fronts, but not with the speed expected. The Austro-Germans apparently have spread their armies over a wider front, as Berlin reports that they are advancing on Shabats, which is a long distance west of Belgrade; while for the Bulgarians, it is claimed that they have captured Sultan Teye, southwest of Egri Palanka, and that in advancing toward Kumanovo they took 2,000 prisoners.

Apparently reliable information from Germany is to the effect that the Austro-Germans are about to undertake another offensive movement in the Balkans, this time against Montenegro. At Sarajevo, in Bosnia, 20,000 soldiers from the Galician frontier are said to have been concentrated for operations against Montenegro.

HAD UNDERSTANDING WITH CLEN DENNING?

Evidence Before Willis Involves Commissioner Hay.

Columbus, Oct. 21.—Evidence that Frank Hay, Republican member of the state liquor license board and an appointee of Governor Willis, had a mutual understanding with Byron M. Clendenning and was interested in bringing about a referendum on the McDermott bill, featured the hearing before Governor Willis on the charges against Clendenning of misconduct in office by having participated in the referendum.

J. R. Downs, Democratic member of the Muskingum county license board, said Clendenning called him over the telephone and asked him to attend a meeting in Columbus which had been called to consider the referendum. "I asked Mr. Clendenning if there were any danger of getting into trouble by taking an active part in the referendum and Mr. Clendenning said no. Mr. Hay and I have a perfect understanding," Downs said.

HOLY JUMPERS DENIED STREET

Plainfield, N. J., Oct. 21.—The "Holy Jumpers" have run counter to Mayor Leighton Calkins. The mayor has denied them permission "to hold meetings on the streets or public places of the city, not in denial of the right of free speech, but because of its abuse." Mayor Calkins has taken this step after receiving full support from the common council. Several fights have occurred at the meetings of the "Holy Jumpers." They have made attacks against the creeds of other churches. The "Holy Jumpers" were attacked by a large crowd on several occasions and were obliged to take refuge in buildings nearby until extra cords of police arrived.

FREIGHT TRAIN UNDER ATTACK

Glen Rock, N. J., Oct. 21.—Four masked men who held up freight train No. 87, westbound, on the Erie railroad in the Bergen Cut, near here, engaged in a pistol battle with the train crew, in which 30 shots were exchanged. The robbers took freight and escaped in an automobile. They broke into a car containing silk, but secured no booty. They are believed to be the same men who held up two freight trains and tried to hold up an express on the West Shore near Haverstraw on Monday night.

LINDSEY DRAWS OFFER OF \$50,000

Denver, Colo., Oct. 21.—Judge Ben B. Lindsey of the Denver juvenile court received a telegraphic offer from a New York lecturing bureau, offering him \$50,000 for a three years contract on the lecture platform. Judge Lindsey said he was seriously considering the offer, but had a week in which to reply. "For years I have been fighting certain interests in this city and state and as a result I am a poor man. I have spent \$40 a month more than my salary as judge to carry on the work of my court and have for years depended upon what I made on the lecture platform for my living expenses."

Port Clinton, O., Oct. 21.—Unknown parties confiscated six large billboards which were stationed about the city with displays of campaign matter used by the drys.

Former Newspaper Man.
Columbus, Oct. 21.—Guy Stewart Comly, fifty-one, former newspaperman and son of General James M. Comly, once owner of the Ohio State Journal, is dead at his home here. He was once connected with the Associated Press.

Foul Play Suspected.
Bellefontaine, O., Oct. 21.—An investigation is being made to determine if Edward Ellis, aged 37, killed by an Erie train at Urbana, was a victim of foul play. A considerable sum of money he had won from a bank is missing.

Will Spend Half a Million.
Dayton, Oct. 21.—The Christian church is planning for an expenditure of \$500,000 in a forward movement campaign, announcement was made at a meeting of the board of trustees of the church. Much of the expenditure will be along lines of home mission work.

Feed Wire Falls.
Springfield, O., Oct. 21.—Six persons were thrown to the sidewalk and one severely injured from the falling of a heavy insulated feed wire which the Springfield Railway company was placing in the center of town here. The wire broke loose from a pin on a cross arm.

Crowds at Pumpkin Show.

Circleville, O., Oct. 21.—This is Circleville day at the annual pumpkin show, which was preceded by a style show. Ten thousand persons crowded the streets at the opening. Friday will be Columbus day, and Saturday farmers' day. Last year more than 50,000 persons attended the pumpkin show. The exhibit is unique in that it is free.

Demented Man Shoots at Priest.
Columbus, Oct. 21.—Following a statement heard by many persons that he intended to assassinate Rev. Father C. E. Rhode, pastor of Holy Cross Catholic church, William A. Frys, aged 54, made an unsuccessful attempt to end the priest's life when he fired two shots at him on the street. Bystanders seized the man, who is held on a lunacy warrant.

MAN'S LOVE NOT OVER SKIN DEEP

White Plains, N. Y., Oct. 21.—Charging that his wife, Anna Henrietta Roberts, had consumption when he married her and deceived him as to her real condition, John Henry Roberts of Mount Vernon brought an action here for a divorce. After hearing the testimony and the statement of a relative that Mrs. Roberts is in a dangerous condition in Seton hospital, Justice Morchauser declined to grant the decree. "If this woman's health is so bad," said the judge, "I tain't it would be more charitable for him to wait a while before pressing this suit. The whole meaning of this suit is that the defendant perpetrated a fraud on her husband by concealing her condition. Consumption may be curable, and I will appoint a physician to examine this defendant before I will act."

The hearing before Governor Willis was featured by a number of dramatic incidents, among them being Clendenning's answer to the charges, in which he admitted having taken an active part in the referendum and denied any guilt of misconduct for so doing, declaring that he was merely exercising his right as a private citizen. The hearing continues.

Washington, Oct. 21.—Willard B. Doremus, an inventor of national reputation, dropped dead in the patent office. He was a native of Seneca, N. Y., but had lived in Washington for many years. He invented the letter box in general use and a stamp canceling machine used by the postoffice department. His chief claim to attention in recent years was the invention of a cotton gin.

marks an epoch in Krug selling plans.

TODAY, October 18th, and every day until further notice,

UNITED PROFIT-SHARING COUPONS
are packed with

KRUG'S and KRUG'S BREAD CAKES

This hooks KRUG BAKERY PRODUCTS up with other nationally sold products which bear UNITED PROFIT-SHARING COUPONS. It means that YOU can save quickly for a particular premium.

You have here an opportunity to take advantage of the great UNITED PROFIT-SHARING plan.

KRUG-UNITED COUPONS will be exchanged for valuable premiums at the UNITED PROFIT-SHARING PREMIUM STATION, 8 South Main Street.

Go there, see the premiums and get a catalogue.

NOW, NOTE THIS CAREFULLY

This plan cancels ALL other Krug Premium plans after Oct. 23rd. Such plans as KRUG'S CAKES in exchange for Krug labels—Movie tickets in exchange for Krug labels—regular premiums as shown by Krug premium sheets in exchange for Krug labels, are all cancelled by the new plan. But we will redeem at our bakery all of the old Krug labels (but not the Krug-United labels) that our customers have saved.

You have, no doubt, been carefully saving Krug's labels and coupons for some time. We want you to get the value of these labels. We will therefore redeem at our bakery all of the labels that you now have.

Go to your Grocer, ask for the special premium list NOW, select your premium, then bring or send your old Krug labels to Krug Bakery and we will exchange them for the premium you want.

If you haven't the required number of labels, we will exchange the labels you have plus one cent for each five labels you are short of the listed number for the premium.

Or we will exchange the old Krug labels for the new KRUG-UNITED labels in order to get you started on this newer, bigger arrangement.

ASTOR CHASES SUBMARINES OF AMERICAN NAVY

New London, Conn., Oct. 21.—Vincent Astor was very busy chasing Uncle Sam's submarines in a hydroplane in Long Island sound, and according to reports, succeeded in capturing and theoretically putting the undersea craft out of commission. Two of the seven submarines that arrived at the naval station here, the new base selected by Secretary Daniels, started out into Long Island sound for diving tests. The Astor boat would await the submarine's appearance from the deep a few hundred yards distant, speed towards it at a top notch gait and endeavor to overtake the submersible craft before it could flood its tanks and disappear beneath the surface.

FATAL DRAUGHT

Van Wert, O., Oct. 21.—Marion S. McCoy, an aged resident of Wilsire, Ohio, met a tragic death at the butcher shop of his son-in-law in that village when he picked up a coco-cola bottle and took a large swallow of the contents which proved to be carbolic acid. He died within a few minutes.

What Did He Mean?
"Have you noticed, my friend, how many fools there are on earth?"
"Yes, and there's always one more than you think."—Sourire.

DENIES HAVING ACTED FOR POLITICAL EFFECT

WHY CARSON QUIT BRITISH CABINET

He Was Not In Sympathy With Balkan Policy.

London, Oct. 21.—Coming direct from Buckingham Palace, where he handed to King George the seals of his office on his resignation from the cabinet, Sir Edward Carson appeared in the house of commons and set at rest all conjecture regarding the reasons for his retirement.

Rising from his old seat on the front opposition bench, the former attorney general, in a few words, made the house conversant with the cause of the ministerial crisis which, he said, was due entirely to the fact that he found himself in complete variance with the cabinet on questions of near eastern policy. He felt, therefore, that rest all conjecture regarding the reasons for his retirement.

opposition bench, the former attorney general, in a few words, made the house conversant with the cause of the ministerial crisis which, he said, was due entirely to the fact that he found himself in complete variance with the cabinet on questions of near

easterly policy. He felt, therefore, that his presence in the cabinet would be

a source of weakness and not of

strength. Sir Edward added that he never had had the slightest personal differences with any of his colleagues.

Expressing regret at the absence of Premier Asquith and stating that for this reason he would give a briefer explanation than he had intended. Sir Edward Carson said that issues which had divided the country before the war were never brought up at any cabinet meeting. He denied with much heat the charge made by the opposition that he had resigned for political effect. He declared that the country is united in the view that the war must be carried on to the end.

WILL URGE NECESSITY OF A TWO-MILL ROAD LEVY

As a result of the visit to this city of Mr. G. F. Rudisill, State Director of the Ohio Good Roads Federation, a committee will be named within a day or two to conduct a campaign of publicity to enlighten Fayette voters on the proposed two-mill-five-year road levy which will be voted upon at the coming election.

This was decided at the noonday session of the Dutch Treat Club, and the committee will be named immediately. Mr. Rudisill is very enthusiastic over the prospects for better roads in Ohio and in Fayette county and claims that in nearly every county where the increased levy is to be voted upon the proposal will

carry by a large majority, and he believes Fayette county will be included in the list.

Mr. Rudisill called attention to the fact that Fayette is not increasing in population as some of the neighboring counties, and says that no better argument for good roads could be found than the slow increase in population as shown by the last two census reports.

It is understood that the County Commissioners will give formal promise that the extra levy will be distributed among the townships as paid in by the respective townships, so that each township will have its full quota for road repair and building.
